We specially deals in sink sprayers(water savers)and our products are throughout the world,especially to Europe,America, Japan, Southease Asia and Far Eastern area.

We have 10 machines for marking plastic products, Meantime ,we have 6 workers to make mould in our mould workshop, and we have over 20 parts suppliers. They are stable and serious in work.

We offer OEM service.That is to say,if you have an OEM requirement to fill,we can specialize in designing and making according to clients requirements ,also accept processing as per client's samples and blue print and will provide good products.

We consider the heart of business is high quality, reasonable price, quick delivery time and good service.

We welcome old and new clients abroad to establish long-term business relationship.
